2026

SPONSORSHIP PACKAGE

COMMUNITIESFIRSTINC.ORG

2025 HIGHLIGHTS

Communities First, Inc. (CFI) is excited to embark on another year of empowering people and building vibrant communities. Enclosed are our upcoming programs and projects for 2026, showcasing initiatives that have successfully engaged the community for multiple years and will create a substantial impact.

Using the form at the back of this sponsorship package, please mark the sponsorship level for each program you're interested in supporting this year.

Our work would not be possible without the support of dedicated community partners, and we look forward to collaborating with you in the future.

OVERVIEW OF ORGANIZATION

Founded in 2010, CFI is committed to building healthy, vibrant communities through economic development, affordable housing, and innovative programming. We embrace a holistic approach to community empowerment, guided by principles of innovation, equity, and collaboration. Our mission is strengthened by robust private sector and community partnerships, dedicated board members, and engaged residents. For over 15 years, CFI has proudly served communities in Michigan and Indiana, including Detroit, Flint, Gary, Lansing, and Saginaw.

Each year, CFI reaches approximately 45,000 residents through evidence-informed programs that provide educational and employment support to low- to moderate-income families, individuals with disabilities, those facing homelessness, and older residents. Our initiatives aim to strengthen neighborhoods and combat homelessness through permanent supportive and affordable housing.

To date, we have developed over 700 multifamily units and received accolades from government and professional organizations for our historic preservation efforts. We actively collaborate with neighborhood residents to ensure that our developments reflect their unique visions and needs.

Our organization is driven by three core pillars—economic mobility, equitable real estate development, and engaged communities—which together create healthy, vibrant neighborhoods with access to housing, opportunity, and innovative programming. Through collaboration and a shared commitment to equity, these pillars empower residents and build a resilient foundation for the future. Together, we are building more than structures; we are nurturing communities that grow stronger with every step.

PROGRAM TIMELINE

Below is a high-level overview of our upcoming programs.

African American Film Series | November 2026 – February 2027

Business Development | January – December 2026

Community Candor | January – December 2026

Housing & Basic Needs | January – December 2026

Levitt AMP Flint Music Series | May – September 2026

Make A Difference (MAD) | June – August 2026

Movies Under the Stars | July – August 2026

ECONOMIC MOBILITY

Economic Mobility is a cornerstone of our mission. We believe that true community transformation occurs when individuals and families can improve their economic circumstances and achieve lasting financial stability. Through targeted programs and initiatives, we strive to break down barriers to economic advancement, ensuring that everyone, regardless of background, has a fair chance to succeed.

BUSINESS DEVELOPMENT

Communities First has helped my small business in a variety of ways. They've used my business to cater some of their events, and I've used their awesome commercial kitchen at CFI's Community Enrichment Center to prepare food for my business. I also have attended some of their workshops for small businesses, and I found them very helpful and informative. I just love Communities First." - Nikki, Owner of Exclusive Eats

Communities First, Inc.'s Business Development Program is a resource hub for entrepreneurs seeking information, resources, and guidance for their small business. The program includes small business lending. The ultimate mission is to help entrepreneurs successfully start, operate, or profitably maintain the business of their dreams.

CFI offers small business workshops, commercial retail leasing, a rentable incubator commercial kitchen, event space for community resources, and accredited ServSafe classes and testing for individuals in the food service industry.

FAMILY MOBILITY SAVINGS

The Family Mobility Savings Program is CFI's innovative response to one of the most persistent barriers facing families: The inability to build and sustain savings. Too often, residents in under-resourced communities must prioritize immediate needs over long-term planning, leaving them vulnerable to financial shocks and unable to pursue wealth-building opportunities.

CFI is changing that. By partnering with local credit unions, financial institutions, and community partners, the Family Mobility Savings Program connects families with safe banking services, equips them with financial literacy tools, and provides incentives to encourage consistent savings behaviors.

Through this program, participants not only open bank accounts and increase their savings, but also gain the skills and confidence needed to navigate the financial system. The result is more than improved economic mobility; it is peace of mind, resilience, and the foundation for generational wealth.

The Family Mobility Savings Program reflects CFI's broader mission to build healthy, vibrant communities. By ensuring that families are financially equipped for the future, we are helping to create stronger households, thriving neighborhoods, and sustainable communities.

EQUITABLE REAL ESTATE DEVELOPMENT

Our Equitable Real Estate Development programs are designed to address the essential needs of individuals and families by providing access to affordable housing, nutrition, employment, education, and disability services. The goal is to transform communities into thriving, modern, and enduring communities.

To date, we have developed over 700 multifamily units and received accolades from government and professional organizations for our historic preservation efforts. Preservation efforts include our Oak Street Senior Apartments and Coolidge Park Apartments. We transformed these former abandoned public schools into gorgeous, affordable homes. Many more developments are in progress. We actively collaborate with neighborhood residents to ensure that our developments reflect their unique visions and needs.

HOUSING & BASIC NEEDS

*"Communities First gave me more than just a place to live—they gave me purpose, support, and a second family."
- Maxine, Communities First Resident & Program Participant*

When families have obtained stable housing, they can focus on building brighter futures for themselves and their children. But housing alone is not enough. Our Housing & Basic Needs Program addresses the interconnected barriers that prevent families from thriving. Participants receive support with:

- **Maintaining Safe Housing:** Supporting housing stability by preventing evictions and addressing urgent needs through rental and utility assistance.
- **Accessing Healthcare:** Connecting individuals with physical and mental health resources.
- **Meeting Basic Needs:** Providing food, household items, and transportation assistance.
- **Building Financial Stability:** Offering financial literacy coaching, credit repair support, and workforce readiness training.

This holistic, trauma-informed approach ensures that housing is not just an end point. It's the starting point of thriving. Families gain stability, resilience, and the tools to achieve long-term success, while neighborhoods grow stronger and more vibrant.

ENGAGED COMMUNITIES

Engaged Communities are at the heart of our mission. Vibrant, connected communities are the foundation for lasting change and social equity. We facilitate conversations about community and economic issues. Our programming places a strong emphasis on youth development, offering opportunities for young people to engage in enriching experiences that build leadership, confidence, and resilience.

In addition, we center the transformative power of arts and humanities in our work. By exposing our community members to creative expression and cultural exploration, we aim to inspire new ways of thinking, promote emotional well-being, and celebrate the rich diversity of our neighborhoods.

AFRICAN AMERICAN FILM SERIES

"We love movies, and we love to learn about movies. It's a sense of getting to know more people in the community. Everybody is very friendly here. We have a good time, and you see people we haven't seen for a while. It's all fun." - Rosalie, Longtime African American Film Series attendee

CFI proudly presents the African American Film Series, now celebrating over a decade in partnership with the Flint Institute of Arts. The series is curated by a committee of community members. It showcases films featuring African American actors, writers, filmmakers, and producers.

In 2025, the series marked a significant milestone, making its debut in Detroit at the Charles H. Wright Museum of African American History.

These monthly films, shown from November to February, celebrate Black creativity, emphasize the importance of representation, and spark community conversations. Following each screening, CFI hosts panel discussions with local and national leaders, professionals, and residents to explore the film's themes and share personal experiences.

SPONSOR BENEFITS

COMMUNITY CANDOR

Notable speakers from our Community Candor events have included Arn Tellem, Vice Chairman, Detroit Pistons; Brian Calley, President & CEO, Small Business Association of Michigan (and former Lieutenant Governor of Michigan); Rip Rapson, President and CEO of Kresge Foundation; Garrick Rochow, President & CEO of Consumers Energy; Ridgway White, President & CEO of the Charles Stewart Mott Foundation; and John Cherry, Michigan State Senator. We had over 1,000 attendees and viewers in 2024-2025.

At CFI, we are committed to expanding equitable access to information by partnering with industry experts, elected officials, thought leaders, and community champions. Together, we engage participants in meaningful conversations around financial education, planning, advocacy, and social justice.

Through our Community Candor program, we deliver this work through engaging in-person events that feature presentations, breakfast, and panel discussions with our partners. These efforts are complemented by free virtual programming, including Facebook Live presentations and in-depth Zoom courses, ensuring broader access and continued learning.

COMMUNITY DEVELOPMENT MIXERS

"It's a wonderful event. It's so important to come out to events like this so you can meet other individuals in the business world who are like-minded. I would encourage anyone and everyone who has a business to come out to events like this and support the small businesses and the community." - Paul, Mixer attendee and owner of Yeah, It's Vegan LLC

Our Community Development Mixers convene passionate professionals in Flint, Detroit, Saginaw, Michigan, and Gary, Indiana. These provide a platform for community development professionals to connect and foster relationships. Through both guided and informal conversations, we identify current community needs and explore opportunities to collaborate.

Our Community Development Mixers provide a curated opportunity to mingle and network with other business professionals. These events often include officials from the Michigan State Housing Development Authority or local government. Entrepreneurs, small business owners, and others share insights on current events.

CULTURE SHOCK

"I did the scuba diving with the Communities First team, and it was so much fun. It was a little difficult at first with the whole breathing thing but once you get used to that ... it is really, really fun." - Candace, Scuba Diving Culture Shock Participant

*"We just want to thank Communities First for this wonderful Ski Day. I was afraid, but I feel like I did it. So, I did it more than once. It was beautiful. I appreciate you Communities First for allowing us this opportunity. Thank you so much."
- Octavia, Snow Skiing Culture Shock Participant*

CFI's Culture Shock program introduces underserved populations to arts and culture in engaging ways. It offers children and families diverse experiences, including arts, music, new culinary experiences, cross-cultural exchanges, sporting events, and trips to notable landmarks. For low- and moderate-income families, these enriching experiences would otherwise be cost prohibitive.

Past Culture Shock initiatives include food festivals like A Taste of Culture and trips to professional performances, including The Nutcracker ballet. Our family outings have introduced participants to curling centers, sailing excursions, and skiing.

PLUS BENEFITS OF PREVIOUS LEVEL

GREEN LIFE AND STEP-UP PICK-UP

"Winning this year's Step-Up, Pick-Up competition means so much to our team and our neighborhood. Through Communities First, Inc.'s Green Life program, we didn't just collect trash—we built pride, strengthened connections, and showed what's possible when neighbors work together for a cleaner, safer Eastside. It's amazing how something as simple as picking up litter can spark real community change." - Kane, Flint Area Neighborhood Operations by Eastside Neighborhood Cleanups

Green Life is an environmental education initiative focused on promoting sustainability in our communities. Past programs have raised awareness about energy conservation, water-saving methods, climate change, recycling, and public transportation use.

Collaborating with residents and businesses, Green Life encourages environmentally friendly practices and reconnects individuals with their surroundings to enhance their physical, emotional, and mental well-being.

Throughout the year, CFI organizes Step-Up, Pick-Up litter competitions and beautification events as part of Green Life. Each Fall, Flint neighborhood groups compete to see who can pick up the most trash in a two-week period. The 2025 competition involved five neighborhood groups, that picked up 13,580 pounds of trash and took nearly 243,023 steps. That's 121.5 miles! Forty-three volunteers committed over 385 hours of time to clean up local neighborhoods.

These community cleanups provide hands-on opportunities for neighborhood groups and teams to make a positive impact.

LEVITT AMP FLINT MUSIC SERIES

"We've been coming out to the Levitt event for the last two years and I enjoy it with our family. It gives us something to do – just to get out of the house. They have really good music, and we really enjoy it. I've been telling all my friends this is a beautiful thing." - Kevin, Levitt AMP Attendee

In 2025, Communities First, Inc. became the conduit for the Levitt AMP Flint Music series in downtown Flint. This series includes 10 free public concerts with a diverse line-up of musical genres. Funded in part by the Levitt Foundation, this nationwide movement brings a rich tapestry of culture and live music into underutilized public spaces.

As a Levitt AMP grantee, CFI reflects the three goals of the Levitt AMP program: Amplify community pride and a city's unique character; enrich lives through the power of free, live music; and illustrate the importance of inclusive and vibrant public places.

In 2025, we welcomed the Grand Rapids-based favorite, Mexicuba, a Latin fusion band; Kommuna Lux from Odesa, Ukraine with its Odesa Urban Folk style; Chicago's LowDown Brass Band, with high-energy horns and a street beat, to name a few. We saw more than 1,300 music lovers bring their lawn chairs, grab a bite from a local food truck, and enjoy great music with a diverse crowd.

Thanks to a continued matching grant from the Levitt Foundation, CFI will continue this series in 2026, 2027, and 2028, expanding its scope and reach.

MAKE A DIFFERENCE (MAD)

"I learned more about being an entrepreneur, how to run a business, and how help your community with that business," and "I learned that there's a lot of things I didn't know about myself and about the world." - MAD Student Participant

CFI hosts the Make A Difference (MAD) youth programs in Flint and Detroit, engaging middle and high school students in a dynamic curriculum that blends history, community service, and exploration of relevant social issues.

Participants culminate their experience by proposing actionable solutions to community challenges and presenting their ideas to advisers and local community members. Past cohorts have tackled topics like food insecurity, financial empowerment, entrepreneurship, and housing.

Students' final projects reflect their interests. They have included social media campaigns for Black-owned businesses, a financial literacy board game, and pitches for sustainable food truck businesses. Their work has gained recognition from Yahoo! News and The Skillman Foundation.

MOVIES UNDER THE STARS

"This is our second time coming and it's a very good event. They have lots of things for the kids to do and food and a lot of entertainment and I think everyone should come and give it a try." - Rihanna, Movies Under the Stars Attendee

Every summer, CFI presents Movies Under the Stars – offering free family films shown outdoors and featuring pre-movie parties with games, food, and prizes. Movies Under the Stars events take place in public green spaces in Flint, Detroit, Saginaw, and Gary, IN, drawing thousands of families each year. This initiative provides wholesome programming for families in a safe environment that also promotes community building. This event connects families to community resources, promotes health and wellness, supports family literacy, provides exposure to STEM, incorporates arts and culture opportunities, and more. Everyone is welcome and thanks to generous sponsors, there is no cost to attend.
